Subject: ICRA 2012 Travel Awards for Domestic Applicants - Informational Email

Dear All,

This is an informational email and NOT the award notification.

We are pleased to inform you that you have been selected to receive ICRA 2012 Travel Awards subject to receiving funds from NSF. This award is to facilitate your participation in the IEEE International Conference on Robotics and Automation to be held in Saint Paul Minnesota during May 14-18, 2012. This award will carry a maximum amount of \$800 or your actual expense if it is less than \$800, to be spent towards your participation at ICRA 2012.

*However, please remember that we are awaiting final notification from NSF. If for any reason, we do not receive the funds, there will be no travel awards. Or, if we receive less than what we have requested, the travel award amount will be reduced accordingly.*The purpose of this email is to notify you that you have been chosen through a very competitive process to receive the travel awards if and when funds become available. So far we have received positive feedback from NSF, however, the money is not in yet. And, we do not know when NSF will make the final decision. We are sorry that we cannot be more precise at this time. Also, please note that, some of you are changing your affiliations at this time. This travel award is for participants affiliated with US institutions. We have selected applicants using the best available information. However, if and when the funds arrive, we may need to recheck your eligibility based on NSF criteria.

I will contact you again when I have more information. In the meanwhile, I wish to congratulate you on your selection for the award.

Best wishes,

Nilanjan Sarkar

Professor, Vanderbilt University

Travel Award Chair, ICRA 2012
